

To help you prepare a presentation for Oral Proposal Defense, here are some checklist.

Slide 1: Title page

- - Start with a slide that shows the working title of your proposal. Also include your full name. Also include here your target client/beneficiary.

Slide 2: Topic Background

- - Provide details on why you choose this topic, perhaps a brief history, if applicable

Slide 3: Problem Statement

- - Give a clear and explicit statement of the problem.
 - What are the reasons you are doing the study?
 - Is there a gap in the research this proposal will address?
 - You can use more than one slide for this section

Slide 4: General and Specific Objectives of the Study

- - Provide a general objective of the study. In most cases, general objectives if a restatement of your working title.
 - Make sure specific objectives are measurable (at least 3 specific objectives).

Slide 5: Conceptual Framework

- - This can be represented by a figure that will show the whole concept of your proposal

Slide 6: Proposed Methodology

- - Why the chosen method is appropriate for your research? You might want to present how each specific objectives will be addressed using your proposed methodology.
 - Provide specifics on your proposed methodology which include but not limited to 1) method of data collections 2) Nature/type of data 3) Data analysis 4) Reliability and validity of method 5). limitations
 - You can use more than one slide for this section

Slide 7: Expected output

- - From your proposal, enumerate the expected outputs?

Slide 8: References

- - Provide a list of references you used so far in APA format.
 - Just keep this list in one slide.
